Types of Grants:

- We make capital grants primarily for the purchase or renovation of facilities as well as equipment. Occasionally, we consider grants in support of endowment campaigns.
- We make program grants for requests that demonstrate a specific need or identify a unique set of activities.

Size & Duration:

- We value the experience and knowledge of our applicants to identify the size of the request most appropriate to their needs. We recognize that grants, both big and small, can have a profound effect on the outcomes of our applicant's work. The initiative will award grants, with each being a minimum request of \$1,000 and a maximum request of \$20,000.
- A formal presentation may be requested for larger grant proposals.
- We may consider partial funding of a request given our limited resources in comparison to the needs of our applicants.
- We primarily make grants for a period of one year.

What we DO NOT fund:

- Organizations engaged in activities that are not aligned with our mission and funding priorities.
- Grants used for general operating expenses/support (salaries, insurance, etc.), marketing collateral, website, media buys, etc.
